CLASS OBJECTIVES:	Students will learn about the conventions, expositions, meetings, and event industry and how to develop a strategic plan. This class will also provide the student with an understanding of what is needed to market to the association, corporate, and SMERF meeting markets. We will provide the student with information regarding negotiations, contracts, set-ups, audiovisual requirements, admissions, guestrooms, food and beverage requirements, risk, marketing, and other considerations for this industry. This class stresses associations and other events, rather local or international, and the planning and marketing considerations for these. Meetings of all sizes and venues will be discussed, planned, and analyzed.
CLASS FORMAT OVERVIEW:	This class is a combination of lecture and student participation.
REQUIREMENTS:	Time spent in preparation for or reflection on course lecture will approximate two hours outside of class for each lecture credit hour
METHOD OF INSTRUCTION:	utilized by the instructor in delivery of the material and ¼ hour outside of class for each hour of structured lab time.
ATTENDANCE:	Each topic will be discussed thoroughly and will be supplemented with written materials. Class work, homework, and online investigation will provide opportunities to apply concepts to actual MEEC segments. It is expected that each student will be in class <u>when class begins</u> . Should the student arrive more than <u>five minutes late</u> they should notify the instructor of their presence, it will be up to the instructor to decide if the student has arrived in time to be counted as present- the instructor's decision is final.
TESTING:	<b><u>80% attendance is mandatory</u></b> <b><u>90% or above is mandatory for those who are in a full program and qualify for the internship</u></b>
GRADING POLICIES:	It will be the student's responsibility to learn of any assignments given in class when absent.
ANTICIPATED LEARNING OUTCOMES:	A final exam will be given during the module. All assignments and exercises must be satisfactorily completed with an overall passing grade of 60% or better in order to pass the class.

Complete all assignments with at least 60% accuracy.

The students will participate in a minimum of 90% of in-class group assignments.
