

CLASS NUMBER AND NAME:	ACN274C – INTERMEDIATE ACCOUNTING III
TOTAL CLOCK HOURS / UNITS:	24 Hours / 2 Units
PREREQUISITES:	ACN170D – Fundamentals of Accounting IID
TEXTS AND MATERIALS:	<i>Intermediate Accounting</i> , by David Spiceland , James Sepe, Mark Nelson; and Wayne Thomas 8 th Edition, 2016; McGraw-Hill/Irwin Publishing Company (ISBN 9780078025839)
CLASS DESCRIPTION:	This section covers current and long-term liabilities. Accounting theory surrounding leases is presented and the identification, measurement, and recording of debt and equity financing are emphasized. The recording of income taxes and pensions is also included.
CLASS OBJECTIVES:	<ol style="list-style-type: none">1. The overall objective of this course is to teach students how to identify, measure, and communicate financial events and transactions to investors, creditors, managers, and other interested parties.2. In this section, the emphasis is on applying generally accepted accounting principles to the recording of current liabilities and contingencies.3. Because leasing a plant asset is often a preferable alternative to purchasing, the nature and accounting mechanics of the various leasing methods are discussed.4. Students will understand the concepts of debt obligations and stock transactions.
CLASS FORMAT OVERVIEW:	Students are required to put forth substantial effort studying the text and lecture notes, and working the assignments. Students are required to come to class prepared.

REQUIREMENTS: Time spent in preparation for or reflection on course lecture will approximate two hours outside of class for each lecture credit hour utilized by the instructor in delivery of the material and ¼ hour outside of class for each hour of structured lab time.

TESTING: The tests in this class are open-book. Therefore it is mandatory that students attend and prepare for class each day. The grade for each module will be based 80% on the average of the tests taken that module and 20% on homework.

GRADING POLICIES:

90 - 100%	A
80 - 89%	B
70 - 79%	C
60 - 69%	D
Below 60%	F

ANTICIPATED LEARNING OUTCOMES:

1. Use generally accepted accounting principles to analyze accounts and notes payable.
2. Explain deferred tax liabilities and the differences between pension plans.
3. Understand the advantages and disadvantages of operating vs. capital leasing.
4. Account for the various steps involved in the recording of bonds.
5. Properly record stock issuances and dividend distributions.
7. Demonstrate attainment of these Learning Outcomes by earning a passing score on the work assigned. The minimum passing score is a D.
