CLASS DESCRIPTION:

This class will define and utilize grammatical skills as a foundation for clear, organized writing and speaking.

CLASS OBJECTIVES:

Students will review the basic rules of English grammar so that they will be able to apply them correctly in spoken and written communication.

CLASS FORMAT OVERVIEW:

The class is a combination of lecture, written exercises, and student participation. As lecture and student participation are used as the principal means of instruction, it will be expected that all students will be present every day to take part in class.

REQUIREMENTS:

Time spent in preparation for or reflection on course lecture will approximate two hours outside of class for each lecture credit hour utilized by the instructor in delivery of the material and ¼ hour outside of class for each hour of structured lab time.

CLASS ATTENDANCE:

It is expected that each student will be in class when class begins. Should the student come in later than five minutes after class begins, he or she should be certain that the instructor has noted his or her presence in class. It will then be up to the instructor to decide if the student had arrived in time to be counted as present—the instructor's decision will be final.

Students must maintain 80% attendance in order to pass the class.

Attendance will be taken every day.

At all times, it will be up to the student to find out what work was assigned while he or she was absent. In-class assignments are given periodically and may not be made up.

All classroom assignments are due at the beginning of the class hour. All students should be prepared to respond in class when called upon to do so. Assignments will be collected periodically. Late homework will not be accepted for credit.

It will be the student's responsibility to learn of any assignments given in class when absent.

TESTING:

A test-out is available to any student who opts to challenge the material covered in the course. The student must score 80% or above to pass. Test-out credit will then be given for the course. The test-out must be completed on the first day of class.

Spelling tests will be given every module. The words to be covered in the test will be taken from a list of most frequently misspelled words in business. Additional vocabulary may be given periodically. The students will be responsible for both the spelling and definitions of vocabulary words.

Tests and quizzes will be given as determined by the instructor.

LATE TESTING:

Tests must be taken on the scheduled day. A 10% penalty will be assessed for late tests.

Make-up tests will be scheduled as designated by the instructor.

Retakes may be given at the discretion of the instructor.

GRADING POLICIES:

The final grade will be the result of all tests taken, homework assignments, classroom participation, spelling tests, any quizzes given during the module, and attendance.

The final letter grade will be based on the following percentages:

75% - Tests, quizzes, and projects

25% - Attendance, participation, and homework

Grading Scale

100 - 90 %	A
89 - 80 %	B
